

DANGEROUS GOODS NOT PERMITTED

In accordance with International Law (IATA Dangerous Goods Regulations) the goods listed below are classified as 'Dangerous' and not allowed for shipment by Air. Many items which appear harmless in everyday use can pose dangers on aircraft and are consequently forbidden for transport by Air Navigation (Dangerous Goods) Regulations 2010.

In the UK the CAA (Civil Aviation Authority) is the governing body responsible for compliance of these rules. Failure to follow requirements may endanger the aircraft, its occupants and result in the prosecution of the person responsible under the Air Navigation (Dangerous Goods) Regulations.

The following goods are classified as **DANGEROUS** and not permitted

Goods traveling by 'Cargo' (this shipment) are subject to different restriction to those traveling as carry on luggage, as checked baggage (at the airport) or carried on your person at the flight. All items that travel by air are X-Rayed screened to check for compliance. If you have contravened these regulations and such items are found in your shipment, your shipment will be halted and you will be charged a fee by the airline handling agent or consolidator and the shipment will continue to be delayed until such charges have been paid in full. You will also incur a £150 administration penalty.
